We needed points today and we got them in abundance

A few interesting things happened on the way, Stuart Shwartz on rink 2 skipping in the league for the first time ended up with a hot shot (8 shots on one end)

John Schools rink lost by 7 shots – and will rue dropping 2 6's.

Gus Roberts in his debut game discovered luck is as important in the A team as it is in the B team and the old adage – “line, length and luck” certainly applied to the last end played on his rink and a wick (Priory Glide) won not only the end, but the match too!

2 matches left – Norfolk and East Preston both at home
